PROFESSIONAL SUMMARY

Motivated Software Engineer pursuing a BSc in Computer Science. Proficient in responsive web design, JavaScript frameworks, and API integration. Passionate about building user-centric applications and contributing to collaborative, growth-driven teams.

EXPERIENCE

Frontend Web Developer Intern | Eutropia-IT Solution

Dhaka, Bangladesh | Feb 2026 – Present

- Developed and maintained responsive website designs using HTML, CSS, and JavaScript.
- Collaborated with the team to implement new features and resolve UI issues efficiently.

Web Developer | Personal Project

Dhaka, Bangladesh | Apr 2026 – Jun 2026

- Built the BookStore App using JavaScript, Tailwind CSS, MongoDB, and Node.js — enhancing UX and accessibility.

EDUCATION

Bachelor of Science in Computer Science (CSE)

University of Asia Pacific, Dhaka, Bangladesh | 2022 – Present

Certificate of Higher Education – Science

Dhaka City College, Dhaka, Bangladesh | 2017 – 2019

PROJECTS

BookStore App Tech Stack: React.js, MongoDB, TailwindCSS, Node.js

A full-stack bookstore where users can browse books and authors, and make purchases seamlessly.

FarmFusion Tech Stack: Python, Django, CSS, HTML

An e-commerce platform empowering farmers to sell products directly to buyers with transparency and fair trade.

Restaurant-App Tech Stack: JavaScript, HTML, CSS

A restaurant app where users can book a table and browse the menu.
